##### Book Foreword written by Carman:

When I'm in concert, I don't really know the impact that's being made on the individuals who hear. It's a matter of trusting God to heal and deliver. After having ministered for 3 decades to people around the world, it is with such delight that I get to hear the changes in a person's life just from one concert.

It was amazing to hear that Misty McGlugritch had been healed from cancer during a prayer for healing at one of these concert crusades, which inspired a unique ministry of her own.

I pray that each reader will realize that God has a plan for each of us, and that His plan will be accomplished even in the midst of impossible circumstances. He can change our situation in a moment's time.

We do not know what the future holds, but we know WHO holds it.

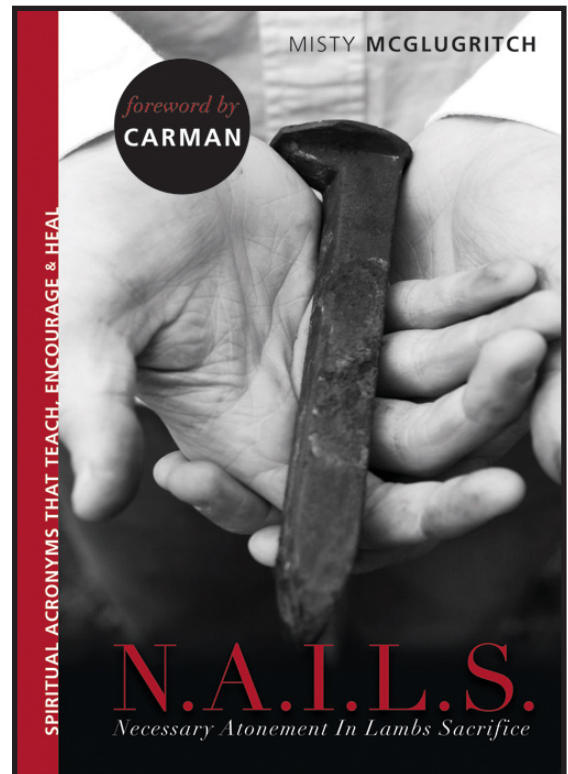

May you be blessed and encouraged by this unusual gift God has given Misty.
